of Thailand”

Prehistoric Mammals
&
Northern Thailand's
Rocks and Minerals
are
Kept and Looked after
Over Here

FOSSIL GEOLOGY AND NATURAL HISTORY MUSEUM SURAT THANI

With the purpose of displaying
The Prehistoric Ocean

Working Methods of DMR's Museums

- ⊕ Keep and exhibit geological and natural specimens
- ⊕ Study and research in order to improve the exhibitions and academic matter.
- ⊕ Develop the museums to identify the surrounding communities, as well as make them proud and stimulate the local economy
- ⊕ Coordinate with other institutes, in both governmental and private sectors, as well as domestic and foreign sectors.
- ⊕ Develop the museums to be more interesting and valuable for the purpose of impressing all visitors.

**THANK YOU
VERY MUCH**
